

Medical Students

Activate Your FREE
ACR® Membership Today

ACR PIER Program:
Virtual scholarship opportunities for students.

Medical Student Scholarships:
Travel scholarships, book stipends and more!

Virtual Curriculum:
Explore the field of radiology with a variety of virtual curriculum.

Virtual Events & Webinars:
Grow your network of mentors and fellow students during free webinars and events.

Free Well-Being Toolkit:
Assesses your level of wellness and overall well-being.

Network Virtually:
Connect with practicing radiologists through the ACR virtual radiology community.

“Beyond being diagnosticians and proceduralists, radiologists are creative thinkers and innovators. Medical students should pursue radiology if they want to be at the forefront of innovation and patient care.”

– Neil Jain, DO (Member since 2017)
