

Johnson B. Lightfoote, M.D., M.B.A.,FACR  
Medical Director, Department of Radiology  
Pomona Valley Hospital Medical Center

Johnson Lightfoote, M.D., M.B.A., serves as Medical Director of the Department of Radiology at Pomona Valley Hospital Medical Center, having previously served in that capacity at the University of Southern California's University Hospital and at Beverly Hospital in Montebello. Johnson received his A.B. in Engineering and Applied Physics, and his M.D. from Harvard University, and his M.B.A. from Pepperdine University, concentrating on capitation and prospective payment in radiology. After residencies at Stanford University and the University of California San Francisco and Irvine, his fellowships included computed tomography and interventional radiology. He was certified by the American Board of Radiology in 1982, and holds the Certificate of Added Qualifications in Neuroradiology (1999). He served as Chief of Staff at Pomona Valley Hospital for 2011, and was admitted to Fellowship in the American College of Radiology in 2011.

Johnson is Chair of the Committee on General Diversity of the ACR; past Chair of the Section on Radiology of the NMA; member of the Governmental Relations Commission and the Communications and Membership Commission of the ACR. He serves on the Executive Council of the California Radiological Society, and the Radiologic Technologists Certification Commission of the State of California.

Dr. Lightfoote's current responsibilities include management of imaging services; implementation of major projects, including PACS, CT, PET, and MR imagers; strategic imaging services planning; and design and management of joint ventures. His recent papers and lectures have included teleradiology; PACS; physician practice management; regulatory compliance and certification; physician productivity, compensation and staffing; technology dissemination; emergency CT; health care financing and access; and stroke programs in community hospitals. His most recent presentations have included imaging and intervention in stroke, digital mammography and tomosynthesis, CT radiation exposure, and MR at 3 T. His clinical radiology expertise is in mammography, CT, MR, neuroradiology, stroke centers, and teleradiology.

Johnson enjoys actively serving on the admissions and alumni councils for Phillips Academy, Harvard College, Harvard Medical School, and the Pepperdine Graziadio School of Business Management. He has been a leader of Sigma Pi Phi Fraternity since 1997. Dr. Lightfoote has two adult children in Los Angeles and Philadelphia.
