

ACR Appropriateness Criteria[®]

Table of Contents

Introduction

- Background and Development
- Citation Information
- Copyright/Disclaimer/Warranty Information
- Procedure Abbreviation List
- Relative Radiation Level Information

Expert Panel on Cardiovascular Imaging

Cardiac

- Acute Chest Pain—No ECG or Enzyme Evidence of Myocardial Ischemia/Infarction
- Acute Chest Pain—Suspected Aortic Dissection
- Acute Chest Pain—Suspected Myocardial Ischemia
- Acute Chest Pain—Suspected Pulmonary Embolism
- Chronic Chest Pain—No Evidence of Myocardial Ischemia/Infarction (Update in Progress)
- Chronic Chest Pain—Suspected Cardiac Origin
- Congestive Heart Failure
- Shortness of Breath—Suspected Cardiac Origin
- Suspected Bacterial Endocarditis
- Suspected Congenital Heart Disease in the Adult

Vascular

- Blunt Abdominal Trauma
- Blunt Chest Trauma—Suspected Aortic Injury
- Claudication
- Follow-up of Lower Extremity Arterial Bypass Surgery
- Hematemesis
- Pulsatile Abdominal Mass
- Recurrent Symptoms Following Lower Extremity Angioplasty
- Sudden Onset of Cold, Painful Leg (Update in Progress)
- Suspected Lower Extremity Deep Vein Thrombosis
- Suspected Upper Extremity Deep Vein Thrombosis

Expert Panel on Gastrointestinal Imaging

- Acute Abdominal Pain and Fever or Suspected Abdominal Abscess
- Acute Pancreatitis
- Blunt Abdominal Trauma
- Colorectal Cancer Screening
- Crohn's Disease
- Dysphagia
- Jaundice
- Left Lower Quadrant Pain
- Liver Lesion Characterization
- Palpable Abdominal Mass
- Pre-Treatment Staging of Colorectal Cancer (Update in Progress)
- Right Lower Quadrant Pain
- Right Upper Quadrant Pain
- Suspected Liver Metastases
- Suspected Small Bowel Obstruction

Expert Panel on Interventional Radiology

- Hepatic Malignancy
- Iliac Angioplasty (Update in Progress)
- Inferior Vena Cava Filter Placement (Update in Progress)
- Needle Biopsy in the Thorax (Update in Progress)
- Percutaneous Biliary Drainage in Malignant Biliary Obstruction (Update in Progress)
- Percutaneous Catheter Drainage of Infected Intra-Abdominal Fluid Collections (Update in Progress)
- Percutaneous Nephrostomy (Update in Progress)
- Treatment of Acute Nonvariceal Gastrointestinal Tract Bleeding

Expert Panel on Musculoskeletal Imaging

- Acute Hand and Wrist Trauma
- Acute Trauma to the Knee
- Avascular Necrosis of the Hip
- Bone Tumors
- Chronic Ankle Pain
- Chronic Elbow Pain
- Chronic Foot Pain
- Chronic Hip Pain
- Chronic Neck Pain
- Chronic Wrist Pain
- Follow-up of Malignant or Aggressive Musculoskeletal Tumors
- Imaging after Total Hip Arthroplasty
- Imaging after Total Knee Arthroplasty
- Metastatic Bone Disease
- Nontraumatic Knee Pain
- Osteomyelitis in Patients with Diabetes Mellitus (Update in Progress)
- Osteoporosis and Bone Mineral Density
- Shoulder Trauma
- Soft Tissue Masses
- Stress/Insufficiency Fracture, Including Sacrum, Excluding Other Vertebrae
- Suspected Ankle Fracture
- Suspected Spine Trauma

Expert Panel on Neurologic Imaging

- Ataxia
- Cerebrovascular Disease
- Dementia and Movement Disorders
- Epilepsy
- Focal Neurologic Deficit
- Head Trauma
- Headache
- Low Back Pain
- Myelopathy
- Neuroendocrine Imaging
- Orbits, Vision and Visual Loss
- Plexopathy
- Suspected Spine Trauma
- Vertigo and Hearing Loss

Expert Panel on Pediatric Imaging

- Developmental Dysplasia of the Hip—Child
- Fever Without Source—Child

- Headache—Child
- Hematuria—Child
- Limping—Child
- Seizures—Child
- Sinusitis—Child
- Suspected Physical Abuse—Child
- Urinary Tract Infection—Child
- Vomiting in Infants up to 3 Months of Age

Expert Panel on Thoracic Imaging

- Acute Respiratory Illness
- Acute Respiratory Illness in HIV-Positive Patients
- Dyspnea
- Hemoptysis
- Rib Fractures
- Routine Admission and Preoperative Chest Radiography
- Routine Chest Radiograph
- Routine Chest Radiographs in Uncomplicated Hypertension
- Screening for Pulmonary Metastases
- Solitary Pulmonary Nodule
- Staging of Bronchogenic Carcinoma

Expert Panel on Urologic Imaging

- Acute Onset Flank Pain—Suspicion of Stone Disease
- Acute Onset of Scrotal Pain—without Trauma, without Antecedent Mass
- Acute Pyelonephritis
- Follow-Up Imaging of Bladder Carcinoma
- Follow-Up of Renal Cell Carcinoma
- Hematuria
- Incidentally Discovered Adrenal Mass
- Indeterminate Renal Masses
- Obstructive Voiding Symptoms Secondary to Prostate Disease
- Post-Treatment Follow-Up of Prostate Cancer
- Pretreatment Staging of Invasive Bladder Cancer
- Pretreatment Staging Prostate Cancer
- Recurrent Lower Urinary Tract Infections in Women
- Renal Cell Carcinoma Staging
- Renal Failure
- Renal Trauma
- Renovascular Hypertension
- Staging of Testicular Malignancy
- Suspected Lower Urinary Tract Trauma

Expert Panel on Women's Imaging

- Abnormal Vaginal Bleeding
- Endometrial Cancer of the Uterus
- First Trimester Bleeding
- Growth Disturbances—Risk of Intrauterine Growth Restriction
- Invasive Cancer of the Cervix
- Multiple Gestations
- Ovarian Cancer Screening
- Premature Cervical Dilatation
- Second and Third Trimester Bleeding
- Staging and Follow-Up of Ovarian Cancer

- Suspected Adnexal Masses

Expert Panel on Women's Imaging - Breast Work Group

- Breast Microcalcifications
- Nonpalpable Breast Masses
- Palpable Breast Masses
- Stage I Breast Carcinoma

Expert Panel on Radiation Oncology - Bone Metastases

- Bone Metastases (Update in Progress)

Expert Panel on Radiation Oncology - Brain Metastases

- Follow-Up and Retreatment of Brain Metastases
- Multiple Brain Metastases
- Pre-Irradiation Evaluation and Management of Brain Metastases
- Single Brain Metastasis

Expert Panel on Radiation Oncology - Breast

- Conservative Surgery and Radiation—Stage I and II Breast Carcinoma (Update in Progress)
- Ductal Carcinoma in Situ
- Local Regional Recurrence and Salvage Surgery—Breast Cancer
- Locally Advanced Breast Cancer (Update in Progress)
- Postmastectomy Radiotherapy (Update in Progress)

Expert Panel on Radiation Oncology - Hodgkin's Disease

- Favorable Prognosis Stage I and II Hodgkin's Disease (Update in Progress)
- Follow-Up of Hodgkin's Disease
- Hodgkin's Disease—Unfavorable Clinical Stage I and II
- Pediatric Hodgkin's Disease
- Stage III and IV Hodgkin's Disease (Update in Progress)
- Staging Evaluation—Hodgkin's Disease

Expert Panel on Radiation Oncology - Lung

- Follow-Up of Non-Small-Cell Lung Cancer
- Induction and Adjuvant Therapy for N2 Non-Small-Cell Lung Cancer
- Nonaggressive, Nonsurgical Treatment of Inoperable Non-Small-Cell Lung Cancer (Update in Progress)
- Nonsurgical, Aggressive Therapy for Non-Small-Cell Lung Cancer
- Postoperative Adjuvant Therapy in Non-Small-Cell Lung Cancer
- Staging of Bronchogenic Carcinoma

Expert Panel on Radiation Oncology - Prostate

- Definitive External Beam Irradiation in Stage T1 and T2 Prostate Cancer (Update in Progress)
- External Beam Radiation Therapy Treatment Planning for Clinically Localized Prostate Cancer
- Locally Advanced (High Risk) Prostate Cancer
- Node-Positive Prostate Cancer
- Permanent Source Brachytherapy for Prostate Cancer
- Postradical Prostatectomy Irradiation in Prostate Cancer
- Pretreatment Staging Prostate Cancer

Expert Panel on Radiation Oncology - Rectal/Anal

- Anal Cancer
- Locally Excision Rectal Cancer (Update in Progress)
- Rectal Cancer—Metastatic Disease at Presentation (Update in Progress)
- Recurrent Rectal Cancer (Update in Progress)
- Resectable Rectal Cancer
