

# COUNSEL TO QUIT<sup>®</sup>

## BRIEF TOBACCO INTERVENTION TRAINING

Research shows that just 3-10 minutes of counseling from a healthcare provider can increase an individual's success in quitting by 60%.

### YOUR ADVICE MATTERS!

This free 60-minute webinar will provide healthcare professionals with information and skills to appropriately screen patients for tobacco use, strategies to advise cessation, and opportunities to connect patients to appropriate tobacco cessation treatment options.

**When?** Thursday, April 2, 2020  
2pm ET/1pm CT
