## ACR CORE VALUES

Leadership • Integrity • Quality • Innovation

## CORE PURPOSE

To serve patients and society by empowering members to advance the practice, science and professions of radiological care.

---

By attending this event, you are giving the ACR® permission to use your image taken during the event in a variety of marketing materials promoting the ACR and its meetings, including editorial usage. The ACR will not sell your image to a third party.
Dear Colleague,

It is with great pleasure that we welcome you to the ACR 2022® Annual Meeting. We are delighted to come together with so many dedicated members as we work to conduct the business of the College, explore new and forthcoming changes to radiology, and engage in unique educational programming that will help us be better patient care providers and practice stewards.

In line with the bold, new ACR strategic plan we are focused on “empowering the radiologist of the future” and as such, have developed a robust program for our brief time in Washington, DC. ACR 2022 is packed with sessions that will allow you to participate in and witness ACR policymaking. You will gain a better understanding of how the governing bodies of the ACR work together and be exposed to the latest information to strengthen your leadership in the College and the specialty at large.

Meeting highlights include:

- Chapter Leaders Workshop — Sunday, April 24
- Resident and Fellow Section (RFS) Meeting — Sunday, April 24
- Young and Early Career Professional Section (YPS) Meeting — Sunday, April 24
- Presidential Address from Beverly G. Coleman, MD, FACP — Sunday, April 24
- ACR Convocation — Sunday, April 24
- Economics Forum — Tuesday, April 26
- Moreton Lecture from Brigette McInnis-Day — Tuesday, April 26

As you participate in the full ACR 2022 experience during the coming days, we encourage you to connect with your member community, collaborate at every opportunity, and take an active role in discussions and special events.

We thank you, as always, for your vital support of the College and for your continued efforts to advance the practice, science and professions of radiological care.

Sincerely,

Howard B. Fleishon, MD, MMM, FACR
Chair, ACR Board of Chancellors

Amy L. Kotsenas, MD, FACP
Speaker, ACR Council

Timothy A. Crummy, MD, MHA, FACR
Vice Speaker, ACR Council

WELCOME THESE ATTENDEES

Resident and Fellow Section (RFS)
Numbering more than 9,000, ACR members-in-training represent some of the brightest and most active residents and fellows. RFS members work to develop programs and resources that benefit trainees and the specialty as a whole.

Young and Early Career Professional Section (YPS)
More than 5,000 members of the ACR YPS focus on issues relevant to those younger than age 40 or within the first eight years of professional practice. Representing a vital College demographic, YPS members are instrumental participants in ACR chapters and grassroots advocacy.

Senior and/or Retired Section (SRS)
Encompassing members age 65 and older and/or those retired from practice, this group collaborates on promoting opportunities for continued professional involvement and mentorship, enhancing retirement opportunities, and encouraging members to be ambassadors to fellow physicians, healthcare organizations and patients.

Medical Students
The ACR welcomes medical students from across the United States who are eager to learn more about a career in medical imaging. Medical students are invited to participate in special programs of interest, such as the RFS Annual Meeting, networking opportunities with peers and ACR leadership, and the full slate of ACR 2022 programming.

LEARNING OBJECTIVES:
After completing this activity, the participant should be better able to:

- Recognize key leadership and practice management skills to enhance the value-based care of radiology.
- Discuss health policy trends impacting the radiology healthcare field.
- Identify the key legislative issues that affect the radiology profession.
- Outline critical regulatory information on procedures and guidelines to enhance the practice of radiology.
- Cite 2–3 examples of current innovative technologies to improve performance and quality.

Physician Accreditation Statement
The American College of Radiology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

ACR 2022 Credit Designation
The American College of Radiology designates this live activity for a maximum of 4.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACR 2022 Maintenance of Certification (MOC) Part II: Lifelong Learning and Self-Assessment
The Radiation Oncology Session titled, Advocacy, Economics and Health Policy in Radiation Oncology, is qualified in meeting the criteria for self-assessment toward the purpose of fulfilling requirements in the American Board of Radiology Maintenance of Certification (MOC) Part II: Lifelong Learning and Self-assessment.
This session is eligible for 2.0 SAM credits toward the ABR’s MOC program.

Instructions to Receive Credit, as Applicable
In order to successfully complete the activity, participants must, complete an activity evaluation and claim credit commensurate with their participation in the activity.

Contact Information
For information about the accreditation of this program, please contact the ACR at alacount@acr.org or carmstrong@acr.org.

Disclosure of Relevant Financial Relationships
The American College of Radiology (ACR) adheres to the policies and guidelines, including the Standards for Integrity and Independence in Accredited CE, set forth to providers by the Accreditation Council for Continuing Medical Education (ACCME), stating those activities where continuing education credits are awarded must be balanced, independent, objective and scientifically rigorous. All persons in a position to control the content of an accredited continuing education program provided by the ACR are required to disclose all financial relationships with any ineligible company within the past 24 months. All financial relationships reported are identified as relevant and mitigated by the ACR in accordance with the Standards for Integrity and Independence in Accredited CE in advance of delivery of the activity to learners. The content of this activity was vetted by the ACR to assure objectivity and that the activity is free of commercial bias. All relevant financial relationships have been mitigated by the ACR. Complete disclosure information is available on acr.org/annual-meeting.
2022 ACR Fellows

One of the highest honors the ACR can bestow on a member in good standing is recognition as a Fellow of the American College of Radiology®. ACR Fellows demonstrate a history of service to the College, organized radiology, teaching and/or research. Only 15 percent of College members have been awarded this honor.

ACR Fellowship is awarded to diagnostic radiologists, radiation oncologists, interventional radiologists, medical physicists and nuclear medicine physicians at the Convocation held during the ACR annual meeting.

The membership category of Fellow of the American College of Radiology is conferred upon the candidates below who have been approved and elected by the ACR Board of Chancellors. These members will be able to use the post-nominal FACR credential following the Convocation.

2022 GOLD MEDALISTS OF THE ACR

Katarzyna J. Macura, MD, PhD, FACR, FSABI, FAAWR

Katarzyna J. Macura, MD, PhD, FACR, FSABI, FAAWR, is a Professor of radiology, urology and oncology in the School of Medicine of the Johns Hopkins University Institute for Clinical and Translational Research. She served as President of the Maryland Radiological Society from 2013 to 2015 and on the ACR BOC, culminating in her term as Vice President of the ACR from 2019 to 2020.

Dr. Macura has been involved in advocacy and program-building to support the career development of women in radiology for over 25 years. She served as President of the American Association for Women in Radiology (AAWR) in 2005, promoting opportunities for the professional empowerment of women radiologists by providing education, networking and mentorship. During her term, the AAWR received the 2005 Association of American Medical Colleges Women in Medicine Leadership Development Award. The AAWR granted its highest honor, the Marie Sklodowska-Curie Award, to Dr. Macura in 2016.

Dr. Macura served as the inaugural Chair of the ACR Commission for Women and Diversity from 2013 to 2019 and oversaw the foundational work of the Commission, which is summarized in the 2019 Diversity Report. Under Dr. Macura's leadership, the Commission undertook initiatives in five major domains: advocacy, visibility, mentoring, education and research.

Dr. Macura has twice been recognized with the RSNA Honored Educator Award. She is a Fellow of the ACR, the Society for Advanced Body Imaging and the AAWR. She has to her credit more than 150 publications and over 200 national and international presentations.

Anne C. Roberts, MD, FACR

Anne C. Roberts, MD, FACR, a Professor of Radiology at the University of California San Diego (UCSD), is well-known for her work in the field of radiology, particularly in IR, both nationally and internationally. Dr. Roberts’ interest in the field of radiology began when she was in her second year as a medical student at UCSD. When a group of radiologists came to her anatomy class to give lectures about their roles in analyzing the human body, their enthusiasm and passion for what they did made a lasting impression on her. After spending a year as an intern in OB-GYN, she decided to make radiology her specialty. During her radiology residency, she discovered IR and never looked back.

Following her fellowship, she returned to UCSD. Just two years later, Dr. Roberts was appointed Chief of Radiology at the Thornton Hospital of UCSD. She began to have roles in leadership and responsibility in several organizations. The ACR was an important resource for Dr. Roberts
ACR 2022 Gold Medalists

Christopher G. Ullrich, MD, FACP

Christopher G. Ullrich, MD, FACP, began his career at the State University of New York (SUNY) Upstate Medical Center in Syracuse, New York, where he earned his medical degree. He completed his residency at SUNY in diagnostic radiology and went on to complete a two-year fellowship in neuroradiology at Johns Hopkins University. Dr. Ullrich subsequently relocated to Charlotte, North Carolina, where he practiced for 38 years.

Dr. Ullrich earned recognition as a national figure in neuroradiology and radiology advocacy. In 1993, he was actively involved in developing state-level radiology political action committees (PACs) centered in regional radiology practices. When the ACR formed a federal PAC known as RADPAC®, he worked with others to encourage practices to contribute.

During the span of his career, Dr. Ullrich was very active with the ACR, the North Carolina Radiology Society (NCRS), the Cervical Spine Research Society, and the Southeastern Neuroradiology Society, where he received many awards and medals for his work and publications. He has served on numerous ACR committees, including being an elected member of the ACR Council Steering Committee for six years, chairing the ACR Utilization Management Committee and the ACR State Government Relations Committee. In 2016, he received the William T. Thorwarth Jr., MD, Economics Award “for 20 years of ACR efforts in economics and advocacy” — particularly as it applied to private payer relationships.

Dr. Ullrich also received multiple other awards and recognition, including the NCRS Silver Medal Award. As a volunteer, he participated in more than 90 positions at the state and national levels. He was appointed by the Governor to the North Carolina State Health Coordinating Council, where he served for nine years, becoming Chair in 2014. In 2016, he was inducted into the prestigious Order of the Long Leaf Pine, an honor presented by the Governor of North Carolina as a gesture of friendship and goodwill to people with a proven record of service to the state.

Dr. Ullrich passed away on Aug. 8, 2021, and will be fondly remembered by all who knew and worked with him.
2022 HONORARY FELLOWS OF THE ACR

Anca-Ligia Grosu, MD
Germany

Anca-Ligia Grosu, MD, is Medical Director and Chair of the Department of Radiation Oncology in the Medical Center — University of Freiburg, Germany. At the University of Freiburg, she has been Vice Dean of the Faculty of Medicine, member of the Senate and is currently member of the University Council. She participates in the advisory board of German Cancer Aid (Deutsche Krebshilfe) on national initiatives for the treatment of cancer.

After finishing medical school in Cluj-Napoca, Romania, Dr. Grosu moved to Germany to complete her residency at the Technical University of Munich — first in radiology, then in radiation oncology, with a focus on imaging for radiation-treatment planning and monitoring. Building on this work, she completed a fellowship in radiation oncology at Harvard Medical School before ultimately returning to Germany as Chair of the Freiburg Department of Radiation Oncology.

Dr. Grosu is conducting major international clinical trials on the treatment of brain tumors, head and neck tumors, lung cancer and prostate cancer, as well as evaluating the role of multiparametric MRI and PET for target volume delineation in radiation treatment planning. In the academic realm, she cites having made the radiation oncology department at the University of Freiburg one of the leading institutions in the field among her proudest achievements.

Dr. Grosu has been a member of the prestigious German National Academy of Sciences Leopoldina since 2018 and serves as Deputy Senator of its radiology section. For her scientific work on the integration of biological imaging into radiation therapy planning, Dr. Grosu was awarded the Alfred Breit Award of the German Society of Radiation Oncology in 2020.
Professor Dame Janet Elizabeth Siarey Husband
United Kingdom

Dr. Husband began her medical training at Guy’s Hospital in London, where she initially pursued general medicine. After adjusting her focus to radiology, she began research on the prototype of the world’s first CT body scanner at Northwick Park Hospital. She was a pioneer of whole-body CT and the first person to perform a CT-guided biopsy in the UK. She also championed the use of MRI in oncology.

As her career progressed, Dr. Husband rose to the rank of Professor of Diagnostic Radiology at the University of London Institute of Cancer Research, where she is now Professor Emeritus. The majority of her career was spent at The Royal Marsden NHS Foundation Trust and The Institute of Cancer Research, where she also served as Medical Director of the hospital. She also founded the International Cancer Imaging Society and served as President of both the British Institute of Radiology and The Royal College of Radiologists.

Dr. Husband has contributed more than 300 publications, including 82 book chapters, more than 200 articles and six books, including the Imaging in Oncology textbook, which became a standard text in oncologic imaging. She also served as Co-Editor-in-Chief of the journal, Cancer Imaging. Among her many honors is the 2007 award of Dame Commander of the Most Excellent Order of the British Empire for her services to medicine.
ACR CEO
The CEO reports to the BOC and leads implementation of the ACR strategic plan.

THE BOARD OF CHANCELLORS (BOC)
This executive body of the ACR includes a maximum of 34 chancellor and is presided over by the Chair.

Members often become chancellor by distinguishing themselves in chapter and commission/committee roles. They are elected by the Council, appointed by the Chair or recommended by one of four organizations identified in the ACR bylaws.

The BOC meets to discuss strategic issues, guide the College’s finances, oversee the activities and programs of the College, and implement policies determined by the ACR Council. The BOC may submit resolutions to the Council.

THE EXECUTIVE COMMITTEE
acts for the BOC when the group is out of session.

ACR STAFF
ACR staff report to the CEO and execute policy and implement programs in accordance with approved budgets.

COMMISSIONS, COMMITTEES AND TASK FORCES
Commissions, committees and task forces are established to carry out policy initiatives and oversee activities and programs.

Each commission is chaired by a member of the BOC and made up of ACR members typically with experience in the specific area. Commissions are further divided into committees and subcommittees. Task forces are formed at the discretion of the BOC chair.

The BOC organizes commissions, committees and task forces to implement policy and develop programs consistent with the ACR strategic plan.

ACR MEM
THE FOUNDATION OF
ACR members participate in all areas of governance. They submit and comment on policy resolutions. They run
ACR Governance Structure

THE ACR COUNCIL
includes over 370 representatives from chapters, branches of the military, government agencies, qualified subspecialty societies, the Resident and Fellow Section, and the Young and Early Career Professional Section.

Members of the CSC are elected by the Council or appointed by the Speaker in order to ensure diversity in representation.

The Council debates and approves ACR policy resolutions, bylaws resolutions, and practice parameters and technical standards.

COUNCIL STEERING COMMITTEE (CSC)
acts for the Council when they are out of session and may submit resolutions to the Council.

CHARTERS, MILITARY, SUBSPECIALTY SOCIETIES, RFS and YPS
All members are connected to one or more of these entities, and through their Councilors, are represented within the governance structure of the College.

EMBERS OF THE COLLEGE
They serve on commissions, committees and task forces. They run for elected office at the national and chapter level.

Andrew Morarity, MD
Robert Pyatt Jr., MD, FACR
LOOKING TO PLAY AN ACTIVE ROLE IN THE COLLEGE?

Nominating Process for ACR Leadership

The Board of Chancellors (BOC), Council Steering Committee (CSC) and College Nominating Committee (CNC) are comprised of both elected and appointed positions. The Council votes on elected positions from a slate of candidates provided by the CNC. Each year, the CNC publishes a list of open positions outlining both qualifications and time commitment. A Call for Candidates is sent to all Councilors, Alternate Councilors, Chapter Presidents and members of the Intersociety Committee to request candidates; A Call for Candidates is also published on acr.org, in emails and social media.

Qualified candidates must submit their applications and required letters of recommendation within the deadline established by the CNC. Appointed positions are at the discretion of the Chairman of the Board (for the BOC) or the Council Speaker (for the CSC). Appointed members have typically distinguished themselves through prior involvement on ACR commissions or committees and/or within their ACR chapters. In all cases, whether elected or appointed, individuals must be members of the College, and in the case of the CSC, members must be an ACR Councilor.

Resolution Submission Process

Resolutions guide the actions and policy positions of the College. If you believe the College should take a particular position on an issue, write a draft resolution and secure sponsorship of it from either 1) a Councilor, 2) a chapter, 3) the CSC, 4) the BOC, 5) the RFS or 6) the YPS. Before drafting a resolution, members should search the ACR Digest of Council Actions for relevant or related policies, and it may also be helpful to determine if other organizations have policies or have taken action on the issue. There is a standard format for resolution submission, and directions can be found online at acr.org/About-ACR/Governance/Council. Questions may be directed to ACR Governance staff at 1-800-227-5463, ext. 4998 or tbehbahani@acr.org.

Resolutions must be submitted to ACR staff no later than 90 days prior to the start of the ACR Annual Meeting in order to be considered by the Council. For the 2023 ACR Annual Meeting, the deadline to submit resolutions is Feb. 6, 2023.

Commissions and Committees

Every year, the ACR appoints members to serve on commissions, committees and task forces. Volunteer service is generally for a one-year term, renewable for up to four years. All appointees must be approved by the Chair of the Board of Chancellors. To learn more, visit acr.org/Member-Resources/Commissions-Committees/Volunteer.
START BY BEING INVOLVED WITH YOUR CHAPTER

The 54 ACR chapters are active at the local level to represent and serve the interests of their members. Chapters rely on volunteers for their leadership, program and event planning, advocacy, and member recruitment and retention. Participate in your chapter meetings and connect with fellow chapter members to learn from their experiences.

Hotel Information

HOTEL INFORMATION
Washington Hilton Hotel
1919 Connecticut Ave NW, Washington, DC 20009
(202) 483-3000

Services at the Washington Hilton Hotel

- **Americans with Disabilities Act (ADA)** — All public space is fully accessible. If you need auxiliary aides or services as identified in the Americans with Disabilities Act, please stop by the ACR Registration Desk.

- **ATM** — Lobby Level next to the bell desk and on the Terrace Foyer right next to the steps coming down from the lobby.

- **Badges** — Required for all attendees and guests for entry into all ACR-hosted events. Ribbons for all badges are available for pick up at the ACR Registration Desk.

- **Business Center/FedEx Office** — Located on the Terrace Level.

- **Complimentary Guest Room Wi-Fi** — Free for ACR Annual Meeting attendees confirmed in the ACR block.

- **Emergency First Aid** — Dial 60 on any hotel phone.

- **Fitness Center** — Located on the Terrace Level. The fitness center is accessible with your room key and is open Sunday–Saturday, 6am–10pm.

- **Lactation Room** — Please stop by ACR Registration Desk and staff will assist you.

- **Lost and Found** — Dial hotel security for assistance.

- **Luggage Check/Storage** — Located in the hotel lobby.

- **Restrooms** — Restrooms are clearly marked throughout the public meeting space.

- **Shipping and Receiving** — Located on the Terrace Level.

- **Smoking Policy** — All hotel property is non-smoking.

- **Staff Contacts** — Please stop by the registration desk to contact a particular staff member.

- **Videotaping/Photography** — Permitted throughout all the public areas of the hotel unless noted otherwise.
