

## **ATTORNEY REFERRAL INFORMATION**

The ACR Legal Department provides referrals to attorneys for those radiologists and radiation oncologists who do not have representation, or who have an attorney but would like to consult with a specialist in a particular area of the law, such as medical staff bylaws. We also may provide general information on specific issues, such as contracts, with this referral sheet. Some of the information may be in sample format. Please be advised that any materials we provide are for informational purposes only and not meant to substitute for legal counsel.

While it is not essential that you have local counsel to represent you, your attorney should be familiar with your state law and administrative regulations pertaining to medical practice. Of course, it is important that you and the attorneys discuss fee arrangements, as well as the time they expect to spend on the matter, before retaining any of them to represent you.

Thank you for contacting the ACR Legal Department. If you need further assistance or have questions about the Business Practice Issues section of the web site, please call 1-800-227-5463 and ask for Elizabeth Rathburn or you may email her at [erathburn@acr.org](mailto:erathburn@acr.org) or [legal@acr.org](mailto:legal@acr.org).

Dr. François Blaudeau is an Of Counsel attorney in the Birmingham office. In addition to his work as a practicing attorney, Blaudeau practices medicine as an obstetrician/gynecologist with a specialization in advanced gynecological surgery. Dr. Blaudeau's dual experience as a practicing surgeon and an attorney makes him uniquely qualified to join our Class Action and Mass Tort department. He established the Southern Institute for Legal and Medical Affairs to advocate for patients' rights and physicians' rights, and parallel to his extensive work with that body, he's litigated high profile medical malpractice claims on behalf of clients around the country. His experience and perspective will be particular assets to our clients.
