### Significant Scientific or Clinical Research in Radiology

- **International recognition** in teaching; specifically teaching award(s) from international radiology or medical associations.
- **International recognition** in teaching; specifically teaching award(s) from local radiology institution or medical organizations.
- **National recognition** in teaching; especially teaching award(s) from regional radiology or medical organizations.
- **National reputation** as teacher as evidenced by invited presenter of multiple refresher courses/seminars for national radiology or medical organizations and/or multiple visiting professorships on a national scale.
- **Chair of large academic Radiology/Radiation Oncology/Medical Physics department**
- **Regional recognition** in teaching; especially teaching award(s) from regional radiology or medical organizations.
- **Regional reputation** as teacher as evidenced by invited presenter of refresher course(s)/seminar(s) and/or invited lecture(s)/visiting professorship(s) on a regional scale.
- **Chair of small- to medium-sized academic Radiology/Radiation Oncology/Medical Physics department**
- **Vice-Chair of large academic Radiology/Radiation Oncology/Medical Physics department**
- **State recognition** in teaching; specifically teaching award(s) from state radiology or medical organizations.
- **State reputation** as teacher evidenced by invited presenter of refresher course(s)/seminar(s) and/or invited lecture(s)/visiting professorship(s) on a state-wide level.
- **Vice-Chair of small- to medium-sized academic Radiology/Radiation Oncology/Medical Physics department**
- **Director of residency program**
- **Leadership position(s)** in academic or non-academic program (e.g., division chief, section head, medical director).
- **Course director** for an association or society.
- **Local recognition** in teaching; specifically teaching award(s) from local radiology institution or medical organizations.
- **Local reputation** as teacher as evidenced by invited presenter of clinical conference(s) and/or invited lectureship(s).
- **Assistant program director** of residency program, fellowship program or graduate medical physics program.
- **Director** of medical student rotation or radiology technology program (nuclear medicine, ultrasound, MRI, PET, CT, etc.).
- **Advisor/Mentor** of medical/graduate students or a member of a graduate thesis committee.
- **Excellent service** as faculty member in academic setting for > 15 years.
- **Participation** as clinical faculty in non-academic setting for > 15 years.

### Outstanding Teaching of Radiology

- **International recognition** in teaching; specifically teaching award(s) from international radiology or medical associations.
- **International reputation** as teacher as evidenced by multiple invited lectureships for international radiology or medical organizations and/or multiple visiting professorships of international stature.
- **National recognition** in teaching; specifically teaching award(s) for teaching.
- **National reputation** as teacher as evidenced by invited presenter of multiple refresher courses/seminars for national radiology or medical organizations and/or multiple visiting professorships on a national scale.
- **Chair of large academic Radiology/Radiation Oncology/Medical Physics department**
- **Regional recognition** in teaching; especially teaching award(s) from regional radiology or medical organizations.
- **Regional reputation** as teacher as evidenced by invited presenter of refresher course(s)/seminar(s) and/or invited lecture(s)/visiting professorship(s) on a regional scale.
- **Chair of small- to medium-sized academic Radiology/Radiation Oncology/Medical Physics department**
- **Vice-Chair of large academic Radiology/Radiation Oncology/Medical Physics department**

- **Excellent service** as faculty member in academic setting for > 15 years.
- **Participation** as clinical faculty in non-academic setting for > 15 years.

### Significant Scientific or Clinical Research in Radiology and/or Significant Contributions to Literature

- **International reputation** as researcher/investigator/author as evidenced by works presented, shared or used by others in radiological sciences/medicine or medical physics.
- **International reputation** as researcher/investigator/author as evidenced by works presented, shared or used by others in radiological sciences/medicine or medical physics.
- **Extraordinary** original contributions to field(s) of diagnostic radiology/interventional radiology/nuclear medicine/radiation oncology and/or medical physics, including journal articles, books, book chapters and patents.
- **Internationally renowned** as lead investigator on multiple national and/or international collaborative trials or extramurally funded grants.
- **National recognition** as researcher/investigator/author as evidenced by works presented, shared or used by others in radiology/radiological sciences/medicine or medical physics.
- **National reputation** as researcher/investigator/author as evidenced by works presented, shared or used by others in radiology/radiological sciences/medicine.
- **Substantive** original contributions to diagnostic radiology/interventional radiology/nuclear medicine/radiation oncology or medical physics.
- **Lead investigator** on national collaborative trials or extramurally funded grants.
- **Leadership role in national Institutional Review Board (IRB)**
- **Grant review** Study Section membership (NIH or NCI).
- **Journal editor, deputy editor or associate editor** of a major radiology/medical/medical physics journal.
- **Regional reputation** as researcher/investigator/author as evidenced by works presented, shared or used by others in radiology/radiological sciences/medicine.
- **Regional recognition** as researcher/investigator/author as evidenced by works presented, shared or used by others in radiology/radiological sciences/medicine.
- **Major** investigator on local institutional collaborative trials, corporate sponsored grants or internally funded grants.
- **Leadership role in** Institutional Review Board (IRB).
- **Journals** of distinctive service for a major radiology/medical/medical physics journal.
- **Notable** original contributions to field(s) of diagnostic radiology/interventional radiology/nuclear medicine/radiation oncology and/or medical physics.
- **Investigator** on local or institutional collaborative trials or grants.
- **Lead** and/or **other** (e.g., division chief, section head, medical director) of local or regional radiology institution or medical organizations.
- **Record** of original contributions to field(s) of diagnostic radiology/interventional radiology/nuclear medicine/radiation oncology and/or medical physics.
- **Participation** in local or institutional collaborative trials or grants.
- **Leadership role in** local Institutional Review Board (IRB).
- **Journal reviewer** of distinctive service for a major radiology/medical/medical physics journal.
- **Local reputation** as researcher/investigator/author as evidenced by works presented, shared or used by others in radiology/radiological sciences/medicine.
- **Local recognition** in teaching; specifically teaching award(s) from local radiology institution or medical organizations.
