## GENERAL INFORMATION

### PROGRAM DESCRIPTION AND OBJECTIVE

It is the intent of the North Carolina Chapter of the ACR to provide practicing radiologists, and other health care professionals involved in the diagnosis and treatment of breast diseases with a review to describe how the BI-RADS Atlas serves as a key reference in evaluation and characterization of findings in the breast leading to optimal management, explain emerging breast cancer care paradigms in surgical, medical and radiation oncology, and outline breast cancer profiling with expression arrays, specifically newest updates on breast cancer classifications and those that aim to identify markers for clinical outcome prediction.

### REGISTRATION FEES\*

Physicians (non-NC Chapter Members)	\$500.00
NC Chapter Members	\$400.00
Residents and Fellows (In-Training)	\$200.00

*\*Registration fee covers academic lectures and electronic syllabus.*
