

**APPLICATION  
AMERICAN COLLEGE OF RADIOLOGY  
E. STEPHEN AMIS, Jr., MD, FELLOWSHIP IN QUALITY AND SAFETY**

The E. Stephen Amis, Jr., MD, Fellowship in Quality and Safety, sponsored by the ACR Commission on Quality and Safety, is looking for residents who are interested in activities and initiatives related to quality and safety that improve a patient's journey along the care pathway. This is an opportunity for two residents in either radiology, radiation oncology or nuclear medicine to obtain direct exposure to the functions, programs and initiatives of the Department of Quality and Safety (Q&S) at the ACR. The department manages multiple programs and projects to improve the quality and safety of patient care. In addition, the top four candidates will be offered registration discounts to the ACR Annual Quality Conference.

The goal of the fellowship is to make selected residents aware of the numerous Q&S department programs that promote and support quality improvement in patient care, and to instill and encourage future volunteer engagement in activities related to those Q&S programs.

The fellowship is split into two sessions to allow participation in key activities. The chosen candidates will meet with ACR staff for one week in the fall and return for 4-5 days in late spring to attend the ACR annual meeting. This dual visit allows an opportunity to gain experience in the annual practice parameter – ACR Council approval cycle. Fellows will be required to write a paper on a specific ACR activity, which they focused on during the fellowship for submission to a respected journal.

Applications are accepted from second-year, third-year, and fourth-year residents. Applications must be postmarked by May 31st. It is very important that you are specific in your interest in activities and initiatives related to Quality and Safety.

**Applications should be either emailed to: [hmendoza@acr.org](mailto:hmendoza@acr.org)  
or mailed to:**

E. Stephen Amis, Jr., MD, Fellowship in Quality and Safety  
Department of Quality and Safety  
**Attn: Hector Mendoza**  
American College of Radiology  
1891 Preston White Drive  
Reston, VA 20191-4397

**Deadline**

Completed applications along with the CV,s and LOR must be postmarked or received via email by May 31st and the final decision will be made by early July.

## **APPLICATION**

### 1. General Information
