

# ABDOMINAL IMAGING

Earn up to 31 AMA PRA Category 1 Credits™ and 25 SAM Credits

ACR MEMBER: \$3,500

MEMBER-IN-TRAINING: \$1,750

NON-MEMBER: \$5,000

## Faculty:

### Dushyant Sahani, MD

Course Director  
University of Washington

### Avinash Kambadakone-Ramesh, MD, FRCR

Course Director  
Massachusetts General Hospital

### Kumar Sandrasegaran, MD

Course Director  
Mayo Clinic, Scottsdale

### Aarthi Sekhar, MD

Course Director  
Emory University

## Course Overview

Led by Dushyant Sahani, MD, Avinash Kambadakone-Ramesh, MD, FRCR, and Kumar Sandrasegaran, MD, this 3-day course focuses on how to improve your abdominal imaging service. It will cover up-to-date CT protocols, latest guidelines on managing incidentalomas, how to report complex post-operative CT, customizing reporting templates for cancer staging, with special reference to what the surgeon needs to know. The course staff offer their unique approaches to reporting many CT findings which are seen daily, such as dilated bile ducts, small volume nodes and misty mesentery. The course also discusses "Do not miss" cases in the major abdominal organs.

The course will cover how to deal with focal liver, pancreas, adrenal and kidney lesions; pitfalls in liver, pancreas and kidney imaging; pitfalls in postoperative CT; and newer CT technology, including dual energy CT.

The course will teach physicians how to accurately acquire and interpret cases affecting various abdomen and pelvic organs and vascular structures performed in both routine and challenging scenarios.

## Program Objectives

At the conclusion of this course, participants will be able to:

- Understand how to protocol CT studies for various clinical indications in the abdomen.
- Learn the multimodality investigation of liver, biliary, pancreatic and renal diseases.
- Confidently deal with complex CT including postoperative imaging.
- Apply algorithms to manage incidental lesions in the abdomen and pelvis.

## Workstation

FUJI Synapse

## Certificate

Attendees who complete a minimum of 100 cases will be awarded a certificate of proficiency stating they meet the maintenance of competence case requirement as specified in the ACR-SPR Practice Parameter for the Performance of Computed Tomography (CT) of the Abdomen and Computed Tomography (CT) of the Pelvis.

Accreditation Statement: The American College of Radiology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement: The American College of Radiology designates this live activity for a maximum of 31 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Qualified on 10/23/2018, this activity meets the American Board of Radiology's criteria for a self-assessment (SAM) activity and is designated for up to 25 SAM Credits toward the ABR Maintenance of Certification program.

	7:00 a.m.	Workstation Introduction
	8:00 a.m.	<b>Body Oncological Imaging With CT: Tips, Tricks and Pitfalls</b>
		<b>Imaging of Focal Liver Lesions</b>
		Break
	10:00 a.m.	Supervised Case Review
	10:15 a.m.	<b>Gallbladder and Bile Disease</b>
	11:30 a.m.	Lunch
	Noon	Supervised Case Review
	12:30 p.m.	<b>Solid Pancreatic Masses</b>
	2:00 p.m.	<b>Management of Pancreatic Cysts</b>
		Break
	2:45 p.m.	Supervised Case Review
	3:00 p.m.	<b>Acute Pancreatitis</b>
	4:00 p.m.	<b>Autoimmune Pancreatitis</b>
		Supervised Case Review
	5:00 p.m.	Cocktail Reception
	5:30 p.m.	Optional Time for Self-Review of Cases
	6:00 p.m.	ACR Education Center Closes
	8:00 p.m.	

### Day 1

	7:00 a.m.	Optional Time for Self-Review of Cases
	8:00 a.m.	<b>Incidentalomas</b>
	8:45 a.m.	Supervised Case Review
	10:00 a.m.	Break
	10:15 a.m.	<b>Approach to Adrenal Masses</b>
