

NUCLEAR MEDICINE

Earn up to 22.5 AMA PRA Category 1 Credits™ and 22 SAM Credits

ACR MEMBER: \$3,000
MEMBER-IN-TRAINING: \$1,500
NON-MEMBER: \$4,500

Faculty:

Don Yoo, MD

Course Director
Brown University

Phillip Kuo, MD, PhD

Course Director
University of Arizona

Course Dates

March 2–3 (Mon. – Tues.)

September 17–18 (Thurs. – Fri.)

Course Overview

This two-day course fills the educational gap for radiologists who have not had fellowship training in nuclear medicine and who are interpreting general nuclear medicine studies. Get “hands-on” experience with a case simulator to learn how to accurately perform and interpret a variety of nuclear medicine cases in both routine and challenging scenarios.

This course covers the appropriate use of commonly performed nuclear medicine studies for a variety of disease processes and how to correctly perform and interpret these studies. Protocols for performing nuclear medicine studies and interpretation guidelines for general nuclear medicine studies have evolved and new radiopharmaceuticals require training for correct interpretation.

Program Objectives

At the conclusion of this course, participants will be able to:

- Learn methods to improve the performance of commonly performed nuclear medicine procedures
- Review normal variants and pitfalls seen in a variety of general nuclear medicine scans
- Learn systematic approaches to better interpret commonly performed nuclear medicine studies

Workstation

MIM

Certificate

Attendees who complete a minimum of 100 cases will be awarded a Certificate of Completion in Nuclear Medicine.

Accreditation Statement: The American College of Radiology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement: The American College of Radiology designates this activity for a maximum of 22.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Qualified on July 27, 2018, this activity meets the American Board of Radiology's criteria for a self-assessment (SAM) activity and is designated for up to 22 SAM credits toward the ABR Maintenance of Certification program.

Day 1

7:00 a.m.	Workstation introduction
8:00 a.m.	Gastrointestinal
8:45 a.m.	Supervised Case Review
9:45 a.m.	Break
10:00 a.m.	VQ
10:30 a.m.	Supervised Case Review
11:30 a.m.	Endocrine
Noon	Lunch
12:30 p.m.	Supervised Case Review
2:00 p.m.	Genitourinary
2:45 p.m.	Break
3:00 p.m.	Supervised Case Review
4:00 p.m.	Musculoskeletal
4:30 p.m.	Supervised Case Review
5:30 p.m.	Cocktail reception
6:00 p.m.	Optional time for self-review of cases
10:00 p.m.	ACR Education Center closes

Day 2

7:00 a.m.	Optional time for Self-Review of cases
8:00 a.m.	Cardiology
8:45 a.m.	Supervised Case Review
10:00 a.m.	Break
10:15 a.m.	Brain
11:00 a.m.	Supervised Case Review
Noon	Lunch
12:30 p.m.	Therapies
1:15 p.m.	Supervised Case Review
2:45 p.m.	Break
3:00 p.m.	Supervised Case Review
5:00 p.m.	Course concludes
