

## 2020 RLI Summit Resident & Young Physician Leader Program

**Alexander M. Norbash MD, MS, FACR**  
**RLI Leadership Summit Co-Director**  
*Professor and Chair, Radiology, UC San Diego*

Alexander M. Norbash, MD, MS, FACR is Chair and Professor of Radiology at the University of California, San Diego, in the School of Medicine. He also serves as Associate Vice-Chancellor for Diversity, Equity and Inclusion with principal responsibilities for Climate and Professional Development for the University of California, San Diego. He is also the founding faculty director for Blue LINC <http://bluelincsd.com> a team-based biodesign certificate course that includes students from the schools of engineering, business, and medicine.

He formerly served as Chair and Professor of Radiology at Boston University School of Medicine from 2004-2015, where he also was appointed Assistant Dean for Diversity and Multicultural Affairs from 2011-2015. He is an interventional neuroradiologist and his research interests include translational engineering collaborations resulting in novel tools and materials for endovascular neurologic therapies, and more recently endovascular and interventional simulation and teaching systems. Management topics of greatest familiarity include leadership, strategic planning, teamwork, and healthcare reform.

After receiving his medical degree from the University of Missouri-Kansas City 6 year BA/MD program, and graduating from the University of Pittsburgh Radiology Residency, he completed fellowships in both Diagnostic and Interventional Neuroradiology at Stanford University. He then served on the Stanford faculty from 1994-1998, subsequently joining the Massachusetts General Hospital from 1998-2000. He was appointed as Chief of Diagnostic and Interventional Neuroradiology at the Brigham and Women's Hospital from 2000-2004 and also received a Master's Degree in Health Care Management from the Harvard School of Public Health in 2004.

He is the founding Chair of the American College of Radiology (ACR) Head Injury Institute, serves on the ACR Board of Chancellors as Neuroradiology Commission Chair, and is a Fellow of the ACR. He is a founding board member of the Radiology Leadership Institute of the ACR. He served as the President of the Massachusetts Radiological Society, and is a Past President of the New England Roentgen Ray Society. He is currently President of the Society of Chairs of Academic Radiology Departments and Vice-President of the American Roentgen Ray Society. He has developed a number of endovascular tools and products which are in clinical usage, has been a cofounder of 4 start-up companies for endovascular tool development and one Imaging Core Laboratory, and has given over 500 lectures and invited presentations on six continents.
