

Ellen M. Chung, M.D.

Dr. Chung is Radiologist-in-Chief at Nationwide Children's Hospital in Columbus, Ohio. A native of Washington, DC she graduated from Georgetown University and Georgetown University School of Medicine. She completed radiology residency at Tripler Army Medical Center in Honolulu, Hawaii followed by a fellowship in Pediatric Radiology at the Children's Hospital Boston. She retired from the United States Army, where she reached the rank of colonel. She is an Adjunct Associate Professor of Radiology and Radiological Sciences at the Uniformed Services University of the Health Sciences (USU). At USU she served as the president of the Faculty Senate. During the merger of Walter Reed Army Medical center and National Naval Medical Center to form Walter Reed National Military Medical Center, she served as the Integrated Chief of Diagnostic Radiology. She served as President of the faculty Senate at USU and gained experience in diversity and inclusion work. She also served as the Pediatric Section Chief at the American Institute for Radiologic Pathology/Armed Forces Institute of Pathology from 2005 to 2019 and continues to teach in the radiologic pathology course attended by almost all radiology residents in the US and Canada as well as trainees and practicing radiologists in 28 different countries. She has lectured at national professional society meetings and on pediatric radiology-pathology correlation in France, Austria, Portugal, Spain, Germany, the Netherlands, Canada, Brazil, Myanmar, and Thailand.
