The all-new RLI Leadership Essentials Program offers impactful and interactive education that equips residents and fellows with the foundational leadership and non-interpretive skills needed to maximize early-career success.

Employing a self-paced learning methodology guided by radiology’s most notable educators and influencers, this comprehensive program offers an intensive and convenient pathway for programs to integrate much needed career and leadership training as a supplement to clinical concentrations.

The result; a more well-rounded training experience that delivers enhanced practice readiness and greater preparedness for the modern health care environment.

**How Much Does It Cost?**
Pricing is set at $125 per resident/fellow. **20% discount** applies for programs with 10 or more registered participants.

To register multiple participants from your institution, please call 1-800-373-2204.

**Why Leadership Essentials?**
This program fills important gaps that traditional medical school education does not and focuses on the key topics that impact the day-to-day of early-career radiologists through a self-paced and interactive learning format.

Course Agenda

As part of the comprehensive course format, one topic will be reviewed each month from August 2018 – May 2019. Participants will be asked to view a 30–45 minute recorded lecture in advance of a live 30–45 minute Q&A session with RLI faculty.

Live Q&A sessions will be held at Noon ET, on the second Wednesday of each month.
