

Pro-Project Group sp. z o.o (Diagnomatic) Approved to Sell the New ACR MRI Medium Phantom

March 22, 2023

The American College of Radiology has approved Pro-Project Group sp. z o.o (Diagnomatic) to produce and sell the new ACR MRI Medium Phantom. Diagnomatic earned this approval by submitting sample phantoms for testing and evaluation by independent medical physicists. The sample phantoms met the required specifications, tolerances, and performance requirements. The new phantom is intended for use with the [Large/Medium Phantom Testing: MRI instructions](#).

For more information on purchasing the new ACR MRI Medium Phantom from Diagnomatic, go to [Diagnomatic by Pro-Project](#).
