## ARTICLE XII – CODE OF ETHICS

The Code of Ethics of the American College of Radiology, as published in the College's most recent bylaws, is hereby expressly adopted as the ethics of the Chapter.

1. Principles of Ethics. The Chapter shall abide by the Principles of Ethics of the American College of Radiology.
2. Rules of Ethics. The Chapter shall abide by the Rules of Ethics of the American College of Radiology.
3. Disciplinary Procedures for Violation of Rules of Ethics. A Member of the Chapter may be censured, suspended or expelled for due cause by the Executive Committee, pursuant to the Principles of Ethics, Rules of Ethics and disciplinary procedures set forth in these bylaws. Disciplinary proceedings shall be confidential. The levels of disciplinary action shall be defined as follows:

*Censure:* A censure shall be a written reprimand to the member from the secretary of the Chapter, with no loss of benefits of membership. Such censure shall be made a part of the membership file of the member.

*Suspension:* A suspension shall cause the member to lose the benefits of membership for a specific period of time as determined by the Ethics Committee, after which the individual may be fully reinstated upon review by the Ethics Committee. Suspension shall be for such term as the Ethics Committee determines is necessary to ensure modification of behavior.

*Expulsion:* Expulsion shall cause the member to be removed from the rolls of the Chapter. An expelled member shall not be entitled to any of the benefits of membership. The Chapter shall not accept a re-application for membership from an expelled member until a prescribed period, as the Committee shall determine, has elapsed from the date the individual was notified of the Committee's action.

*Grounds for Disciplinary Action:* A member of the Chapter may be disciplined for any one or more violations of the Rules of Ethics of the American College of Radiology. Additionally, a member may be disciplined for:

Limitations or restriction of any right associated with the practice of medicine by any state or Canadian province, including the revocation, suspension, and restriction of a medical license or the voluntary surrender of a license while under investigation.

Conviction of any felony.

Conviction of scientific fraud (see ACR Rules of Ethics, Section 2, Number 10).

Disciplinary Process:

1. The Executive Committee may censure, suspend, or expel any member of the Chapter for violation of its rules, regulations, or principles, in accordance with the procedures outlined below.
2. Disciplinary questions related to such violations shall be initially referred, in writing, to the president of the Chapter. The matter shall be referred to the Chapter's Ethics Committee, which shall investigate the merits of the charges. On the basis of the findings of this investigation, the Ethics Committee shall recommend to the president either that disciplinary action be taken or that no such action be taken. If the Ethics Committee decides that disciplinary action should be taken, its recommendation shall be submitted to the president in writing.
3. If disciplinary action is recommended by the Ethics Committee, the member shall be notified in writing that a professional review action may be taken against him or her and the reasons for the proposed action. The member shall be informed that he or she has the right to request a hearing on the proposed action at any time within 60 calendar days. The member shall be provided with a written summary of his or her rights during the hearing. A member who does not request a hearing within the 60-day period waives the right to such a hearing and shall be deemed to have accepted the recommendation of the committee. The committee's report shall then be forwarded to the Chapter's Executive Committee for ratification, in accordance with Section 9 of this article. If the disciplinary action is based on professional conduct or competence that affects or could affect patient health or welfare, the final decision of the Chapter shall be reported to the National Practitioner Data Bank within 15 days. A failure to request a hearing after a complaint has been filed and found to be meritorious will also result in loss of membership in the Chapter.
4. If the member requests a hearing on a timely basis, the president of the Chapter must give him or her written notice of the time, place, and date of the hearing. The hearing shall take place no earlier than 30 calendar days after the date notice has been sent. Postponements and extensions of the hearing date may be granted by the hearing officer on a showing of good cause. The notice of the hearing shall include the names of witnesses expected to testify.

5. The hearing shall be held before an arbitrator mutually acceptable to the physician and the Chapter, a hearing officer appointed by the Chapter who is not in direct economic competition with the member involved, or a panel of three active members of the Chapter appointed by its Executive Committee who are not in direct economic competition with the member involved. The right to a hearing may be forfeited if the member fails to appear without good cause, and the member shall be deemed to have accepted the disciplinary action involved. If the right is forfeited without good cause, membership in the Chapter may be terminated, and a report on the action may be forwarded to the National Practitioner Data Bank.

6. During the hearing, the member has the right to be represented by an attorney or other person of his or her choice; the right to have a record made of the proceedings, copies of which may be obtained by the physician on payment of any reasonable charges associated with its preparation; the right to call, examine, and cross-examine witnesses; the right to present evidence determined to be relevant by the arbitrator, hearing officer, or panel, regardless of its admissibility in a court of law; and the right to submit a written statement at the close of the hearing.

7. Evidence at the hearing should be presented first by the Chapter Executive Committee and then by the member. The Executive Committee may then introduce evidence to rebut the member's evidence but may not introduce evidence or issues not previously raised either by the committee or by the member. The complainant shall be entitled to attend the hearing and may be required to testify. Judicial rules of evidence and procedure relating to the conduct of the hearing, the examination of witnesses, and the presentation of evidence shall not apply to a hearing conducted under the terms of these bylaws. The Executive Committee shall bear the burden of persuading the hearing officer or panel by a preponderance of the evidence that the action or recommendation is reasonable and warranted.

8. At the end of the hearing, the member has a right to receive the written recommendation of the arbitrator, hearing officer, or panel, including the basis for the recommendation. He or she also has the right to receive the written decision of the Chapter, including the basis for the decision.

9. Ratification of disciplinary action against any member of the Chapter shall require the affirmative vote of no less than three-fourths of the membership of the Executive Committee present at the meeting when the action is taken. On ratification by the Executive Committee, the disciplinary action shall be effective and be promptly reported to the Judiciary Committee of the American College of Radiology by the secretary of the

Chapter. Members against whom disciplinary actions are taken by the Chapter may appeal the decision to the Judiciary Committee of the ACR.

10. If no appeal is made within 30 days, a letter containing the final decision shall be prepared by the arbitrator, officer, or panel, with a copy going to the member who is the subject of the disciplinary action. A waiver of the right to appeal shall be deemed to mean that the member has accepted the decision of the Chapter. If the disciplinary action is based on professional conduct or competence that affects or could affect patient health or welfare, the final decision of the Chapter shall be reported to the National Practitioner Data Bank within 15 days.

11. Before the ACR's Judiciary Committee hear an appeal, it shall notify, by registered or certified mail, the member in question no fewer than 30 calendar days before its meeting that the member may then appear in person or be represented by an attorney or other person of his or her choice to present any arguments that the member believes will show that the disciplinary action should be reversed. If the member fails to appear or send his or her representative to the appeal hearing, then a final report of the Chapter's decision shall be sent to the member and forwarded to the state medical board or licensing authority within 15 days in accordance with the regulations of the National Practitioner Data Bank.

12. If a majority of the Judiciary Committee determines that the disciplinary action taken by the Chapter against one of its members is supported by the evidence and is the result of fair procedures that are consistent with the Bylaws of the ACR and of the Chapter, the Judiciary Committee shall affirm the disciplinary action. If a majority of the Judiciary Committee reverses the disciplinary action, the matter may be remanded in whole or in part of further proceedings or may be completely or partially dismissed.

13. The Chapter's Executive Committee and the ACR's Judiciary Committee shall comply with all procedures for reporting adverse professional review actions based on professional conduct or competence that affects or could affect patient health or welfare to the National Practitioner Data Bank.

The status of a member during disciplinary proceedings shall be unaltered.

### **ARTICLE XIII – AMENDMENTS**

1. Amendments to these bylaws may be made at any regular meeting of the Chapter by the favorable concurrence of two-thirds of the members present and voting, provided the proposed amendments shall have been presented in writing to the Executive Committee at least 45 days prior to the meeting at which the proposed amendments are to be voted on. The Executive Committee shall notify the members by mail of proposed amendments no fewer than 30 days prior to such meeting.

2. Any amendment so adopted shall not be contrary to requirements for Chapter status in the American College of Radiology and shall be immediately forwarded to the College for its records.

#### **ARTICLE XIV – RULES OF ORDER**

In the absence of any provision in these bylaws, all meetings of the Chapter shall be governed by the parliamentary rules and usages contained in the current edition of Sturgis' "Standard Code of Parliamentary Procedure."

#### **ARTICLE XV – DISSOLUTION**

In the event of dissolution or final liquidation of the Chapter, all of its assets remaining after payment of its obligation shall have been made or provided for, shall be distributed according to applicable law to and among such corporation, foundation or other organizations organized and operated exclusively for scientific and educational purposes consistent with those of the Chapter as shall be designated by the Executive Committee.
